

MDPCP at a Glance

Program Year 3 Snapshot – 2021

The Maryland Primary Care Program (MDPCP) is now in its third program year. The MDPCP is a voluntary program open to all qualifying Maryland primary care providers that provides funding and support for the delivery of advanced primary care throughout the state. The MDPCP supports the overall health care transformation process and allows primary care providers to play an increased role in prevention, management of chronic disease, and preventing unnecessary hospital utilization.

562* Practices Officially Participating as of Jan 1, 2021:

~392,000 Fee-For-Service Medicare Beneficiaries

All Maryland Counties & Jurisdictions Represented

~2,150 Primary Care Practitioners

Practice Tracks

■ Track 1 ■ Track 2

Practices Partnered with a CTO

■ Non-CTO ■ CTO-Like Groups ■ CTO

*Each FQHC practice was counted separately for the purposes of this estimate. 7 FQHC organizations represent 44 site locations (525 official participants)

Diverse practices serving a broad Maryland population

Practices are equipped for success:

- Practices Transformation Coaches Deployed State-wide
- 26 Care Transformation Organizations (CTOs)
- Online and In-Person Learning Network

Care is being transformed for Maryland's patients:

- Expanded Access to Care
- Integrated Behavioral Health
- Enhanced Care Management
- Engaged Patients and Caregivers

Visit <https://health.maryland.gov/MDPCP> to learn more.

*FQHCs were counted as having approximately 4 providers per location, increasing the percentage of practices included in this number.
